Purpose of this document

- We collect data via the VATSIM Connect Service to deliver services to users of the Nepal vACC website. This policy explains what data is collected, how it is collected, how it is used, and how a user can manage his or her data. This policy aims to comply with the General Data Protection Regulations of the European Union and applies to all users of Nepal vACC website, regardless of whether they are residents of Nepal or not.

Data we collect

- VATSIM collects a variety of personal information from members both when they register and while they are connected to the VATSIM network.

The data includes:

- VATSIM Certificate ID
- VATSIM CERT Full Name.
- VATSIM CERT Email Address.
- VATSIM CERT ATC Rating, Pilot Rating.
- VATSIM CERT Region, Division, Sub-division.
- Discord User ID, Profile Picture.

We do not collect any password, access tokens or any sensitive data.

Why do we collect the data

- We collect the data to generate your profile in our database to give you the best possible experience. We also use your data to send you the information via the E-mail. To grant you access to the discord server.

Your permission to store the data

- By logging into the website using the VATSIM Connect, you automatically agree to the terms of this data Handling Policy, and consent to the use of your data in the ways described in this document. If at any time you no longer consent to the use of your data in any of the ways described in this document, then you may request to have your account and all associated data removed from our servers. You automatically consent to the use of your Discord data in the methods stated in this document by integrating your Discord account through Discord OAuth. If you no longer agree to the use of your Discord data in any of the ways specified in this document, you can unlink your Discord account from your dashboard at any time. This action will delete the Discord data linked with your account from our servers automatically.

Who has access to the data and with whom is it shared

- Outside of our staff team, Nepal vACC does not share or offer access to your data. The general public has access to publicly published data, such as your Nepal vACC roster status. To remain on our roster, a member must do so.

How is your data stored

-Your data is securely stored on the Nepal vACC server which can be only accessed by the Nepal vACC staff team.

Request removal of personal data

- You have the right to request that all or part of your data be removed from our system. To do this, send an email to the Nepal vACC Director, copying the Nepal vACC Deputy Director, with your VATSIM email address. We have up to 30 days to comply under GDPR. When this is completed, we will send you an email confirmation. Your data will be deleted, but you can still give us permission to use it again in the future.

How to contact us

- To contact the Nepal vACC staff team [visit Nepal vACC website](#) or open a support ticket in Nepal vACC discord server.

Updates to the policy

- Changes to this data handling policy will be announced in Nepal vACC discord channel, VATSIM Forums & will be updated in Nepal vACC Policy Website
